

## \$15.6 Million for Millwood in Water Bill

WASHINGTON (AP) — The House Appropriations Committee approved today a bill recommending \$1.4 billion for water projects to be planned and built by Army Engineers and the Reclamation Bureau in the year ending next June 30.

Of that amount Arkansas would get \$83,334,000 for construction, \$685,000 for planning and \$367,000 for surveys.

Here are the Arkansas projects and the amounts recommended:

Construction: Arkansas River bank stabilization, \$18 million; navigation locks and dams, \$11 million; Beaver Reservoir, \$10.3 million; Bull Shoals power units 7 and 8, \$567,000; Dardanelle Lock and Dam \$20 million; De Gray Reservoir \$2,350,000; Gilliam Reservoir \$1 million; Greers Ferry Reservoir \$2,917,000; Manatee Bayou \$200,000; Millwood Reservoir \$15,600,000; Narrows Dam, 3rd power unit \$100,000; Ouachita and Black Rivers, Ark. and La., \$1 million; Red River levees and bank stabilization below Denison Dam, Ark., La., and Tex., \$300,000.

Planning: De Queen Reservoir \$250,000; Dierks Reservoir \$150,000; Ozark Lock and Dam \$285,000.

Surveys: Arkansas River pumped storage \$50,000; Lee Creek, Ark. and Okla. \$34,000; Little Rock levee \$8,000; St. Francis River Basin, Ark. and Mo. \$25,000; White River Basin, Ark. and Mo. \$250,000.

## Ft. Smith to Oklahoma Trail

LITTLE ROCK (AP) — Fort Smith will be on the projected Ozark Frontier Trail but on the Oklahoma rather than the Arkansas section.

Fort Smith was given to Oklahoma for trail purposes for two reasons — convenience and continuity.

Fort Smith originally was included on a secondary loop of the Arkansas portion of the trail. But those drawing the route for the trail felt Fort Smith should be: (1) on the main trail and (2) connected with the Oklahoma section which is emphasizing the frontier aspect rather than the mountains.

Fort Smith was a roisterous frontier town and the reconstructed courtroom of "Hanging Judge" Isaac Parker is one of its main tourist attractions.

The Ozark Frontier Trail is a tourist route being drawn up by Arkansas, Missouri, Oklahoma and Kansas.

## Don't Believe What They Say About Those Congressional Trips Abroad Costing Much

By STANLEY MEISLER  
Associated Press Staff Writer

WASHINGTON (AP) — There is a persistent myth on Capitol Hill that a congressman can spend U.S.-owned francs galore in Paris and not cost the American taxpayer a cent. The facts dispute this. But the myth goes on.

When criticism stormed around Rep. Wayne Hays, D-Ohio, for taking House restaurant waiter Ernest Petinaud along on a trip to Paris last week, the congressman replied: "Ernest cost the taxpayers \$88 in counterpart funds, which can't be used otherwise, so it actually cost nothing."

When Rep. Adam Clayton Powell, D-N.Y., was criticized for taking two young staff ladies along on a trip to Paris last year, the congressman replied that if they hadn't spent the francs, the government would have had "to put a match to them."

At one time, the myth was true. During the days of the Marshall Plan, in the late 1940s and early 1950s, the United States sent great amounts of economic assistance to Europe. European countries paid for this by depositing their own currencies in U.S. government bank accounts. They were called counterpart funds.

These currencies, which were held in huge amounts, could not be transferred. They had to be used in the European country.

U.S. embassies in France and other European countries had far more counterpart funds each year than they needed for their housekeeping operations. So, when a traveling congressman arrived and picked up counterpart funds, he was using currencies that probably wouldn't have been used otherwise.

But times have changed. Today Europe no longer receives the huge amounts of economic assistance that it did during Marshall Plan days. Too, it receives little under the U.S. program of distributing surplus farm commodities, another system that brings foreign currencies to U.S. accounts.

U.S. officials say that the embassy in Paris takes in fewer counterpart funds each year than it needs for American operations in France, so, when a congressman travels to Paris and uses these funds, he is spending money that the embassy has to replace.

And the embassy replaces it by French francs with American taxpayer dollars.

Hays was unavailable for comment. His office said he had started driving to his home district in Ohio.

### Commissioner Named

LITTLE ROCK (AP) — John W. Mann Jr., 42, a native of Sudan in Lee County, was appointed a United States Commissioner for the Eastern District of Arkansas Thursday. Mann, a Forrester City attorney, succeeds Jack P. West of Forrester City. U.S. commissioners conduct preliminary hearings for persons arrested on federal charges, fix their bond and issue search warrants.

## Caught at a Cocktail Party Between Two Professors Is Real Boring Experience

By HAL BOYLE

NEW YORK (AP)—Jumping to conclusions:

You can tell a husband is henpecked if, when he is taking his wife out, she's the one who steps first into the street to hail a passing cab.

For sheer boredom in this world there's no fate worse than being caught at a cocktail party between two professional economists arguing about what's wrong with the economy.

I always feel sorry for a man getting a manicure in a barber shop. I think he is either lonely or has some kind of an inferiority complex that requires someone to hold his hand.

The guy who writes the most memos in the office is usually the one who tries hardest to pass the buck when it comes to making a real decision.

You can never really find out much about a person by asking his minister about him. If you want the real truth, talk to his favorite bartender.

## Romney's Tax Plan Is Beaten

LANSING, Mich. (AP) — The Republican-controlled Michigan Legislature Thursday killed Gov. George Romney's major objective in office—reformation of the state's tax structure.

Members of his own party and Democrats, in a test vote, ruled 47-44 against the plan. Romney said he won't try to pass a fiscal reform plan in 1964.

It was the first major setback of Romney's political career. He often has been mentioned as a possible draft choice for the Republican presidential nomination next year.

Romney, upon the program's collapse, adjourned the special session of the Legislature which had debated the merits of his plan for two months. Lawmakers went home without having brought the \$306-million plan to a vote on the floor and without voting on the merits of tax reform.

The test vote in the House of Representatives was on an amendment designed to wrap all the major proposals into one package. The main portions of Romney's plan had included a 2 per cent personal state income tax, repeal of some business taxes and changes in property assessments.

"The people of Michigan lost today," Romney said.

He earlier had declared the future of the Republican party in Michigan was tied to the fiscal program he labeled "jobs and justice."

Thirty-one Democrats and 16 Republicans opposed the amendments, while 37 Democrats joined 37 Republicans in voting for it.

## Sharp Cold Creeps to the South

By THE ASSOCIATED PRESS

A sharp chill crept deep into the Southland today, squeezing temperatures below the freezing mark as far south as central Florida.

The mercury settled to a record low for the date—23 degrees—at Tallahassee and Cross City, in northern Florida. And it was 35 at Tampa, in the state's central section, also a record low.

The large dome of clear, cold weather extended across most of the nation east of the Mississippi Valley. Early morning lows over the Plains were 10 to 15 degrees warmer than Thursday.

A scattering of snow flurries dusted parts of the Northeast. Burlington, Vt., was blanketed with a two-inch snowfall during the night.

The unseasonal chill in the Southeast pushed the temperature down to 56 degrees, a record for the date, at Key West, Fla. Other record lows for the date included Augusta, Ga., 23, and Columbus, S.C., 26. Atlanta registered 25 degrees and Jacksonville, Fla., 31.

After meeting with a Soviet trade mission here, a New York dealer told the Washington Post: "They told us there was no use in submitting bids."

At the same time, the dealer said, "they asked us to be patient. They indicated something might be worked out in three or four days."

The grain company official, who was not identified, said he had been told that First Deputy Trade Minister Sergei A. Borsov will seek further talks with Kennedy administration officials.

Prospects for completion of the \$250-million wheat deal with the Soviet bloc brightened last Friday when the government set guidelines on the sensitive shipping issue.

President Kennedy had said the grain must be transported on American ships if they are available and the Russians balked, citing the higher rates charged by these vessels.

## Public Works Bill Slashed \$285 Million

WASHINGTON (AP) — The House Appropriations Committee slashed more than \$285 million today from President Kennedy's public works budget. Rejections included the last-minute request for \$45 million to help eastern Kentucky and other depressed areas.

The committee sent to the House floor for action next week a bill calling for \$4,276,116,400 in new funds to finance river and harbor and flood control projects, reclamation projects, the Atomic Energy Commission, the Tennessee Valley Authority and several other public works programs.

The president had requested \$4,561,747,000 for the year ending next June 30. In all, the committee cuts added up to \$285,630,600.

The committee action is the first legislative step on the measure. The bill is subject to additional cuts as it makes its way through the full House and Senate. And on the other hand, there is always the possibility the Kentucky relief proposal and other cuts made by the committee may be restored at least in part to the final measure.

## Jim Cobb Is Acting Fire Dept. Chief

Assistant Chief James T. Cobb has been appointed Acting Chief of the Hope Fire Department, serving in the place of Lewis Ray Yocom who has been Chief of the Department since 1959.

Cobb, who has been with the Fire Department since May 1, 1944, has served as an assistant chief for several years. Normally, in addition to the chief, the department has two men serving as assistants to insure that the chief or an assistant chief is on duty at all times. Charles McCorkle has been serving as the other assistant chief and will continue in that capacity.

The department is now operating short one man, and until a replacement is made, Cobb, in addition to his duties as chief, will serve his regular turn as a fireman. Another assistant chief will be appointed when the department is operating with a full force.

The appointment of James Cobb as Acting Chief was made by City Manager Garland Medders following the death of Ray Yocom, November 11. Appointment as permanent chief of the department must be submitted to the City Board of Directors for approval.

## Wheat Deal Apparently Hits Snag

WASHINGTON (AP) — The giant wheat deal with Russia, apparently set in motion by a new shipping rates formula, appears once again to have hit a snag.

After meeting with a Soviet trade mission here, a New York dealer told the Washington Post: "They told us there was no use in submitting bids."

At the same time, the dealer said, "they asked us to be patient. They indicated something might be worked out in three or four days."

The grain company official, who was not identified, said he had been told that First Deputy Trade Minister Sergei A. Borsov will seek further talks with Kennedy administration officials.

Prospects for completion of the \$250-million wheat deal with the Soviet bloc brightened last Friday when the government set guidelines on the sensitive shipping issue.

President Kennedy had said the grain must be transported on American ships if they are available and the Russians balked, citing the higher rates charged by these vessels.

Friday's formula specified that only 50 per cent of each shipment need go by domestic vessels and ceilings were set on the rates U.S. ship operators could charge.

## Cultural Plan in Deep Freeze Due to Arrest

An AP News Analysis

By ENDRE MARTON

Associated Press Staff Writer  
WASHINGTON (AP) — U.S.-Soviet relations are in a deep freeze and will stay there unless Russia frees Frederick C. Barghoorn, the Yale scholar arrested on espionage charges.

President Kennedy expressed the administration view at his news conference Thursday when he said the arrest of the professor, 52, has "badly damaged" the atmosphere between the two countries and declared:

"I want to get Professor Barghoorn out of prison."

In the view where, the Yale political scientist's arrest marks the low point so far in a gradual deterioration of U.S.-Soviet relations since the agreement reached in Moscow on the limited nuclear test ban treaty.

"This once-heralded 'Moscow spirit,' officials said, is fading as swiftly as the 'spirit of Camp David' in 1959—the brief period of relaxed tensions following Soviet Premier Khrushchev's meeting with President Dwight D. Eisenhower.

The Barghoorn case is one of several signs that Moscow is getting impatient because the test ban pact failed to bring the results for which the Russians evidently hoped.

Other major incidents were the Russian blocking of Allied convoys on the road to Berlin, Khrushchev's belligerent remarks and recent anti-American articles in Moscow's government-controlled press.

After the test ban pact Moscow was hoping for sweeping changes in U.S. foreign policy, including abandonment of plans to create a nuclear force for the Atlantic Alliance.

There was some hope expressed by officials that the Kremlin might, in the President's words, recognize the impact of Barghoorn's arrest and release him.

This speculation is based on the theory that the professor was picked up so the Soviet Union would have an American to trade for IV or A. Ivanov, Russian trading corporation employee arrested Oct. 29 in New Jersey and awaiting trial on espionage charges.

One official reaction was cancellation of a U.S. delegation's planned departure for Moscow to open negotiations Tuesday on extension of the American-Russian cultural exchange program—a program Barghoorn had helped along.

## Winds Push Clouds Into Arkansas

By THE ASSOCIATED PRESS

Southerly winds pushed cloudy and warmer weather into Western Arkansas Thursday night, but the eastern section of the state remained frosty and cold.

The warmer weather should move into Eastern Arkansas Saturday as a high pressure ridge now centered over Alabama moves seaward.

Minimum readings this morning showed a variation from the 19 at Beaver to a 44 at Texarkana. Highs Thursday were uniformly in the 50s.

The forecast called for increasing cloudiness and warmer today and partly cloudy to cloudy and warmer tonight and Saturday with highs today mostly in the 60s and lows tonight in the 40s.

The five-day outlook called for temperatures to average 5 to 10 degrees above normal. Rainfall will total up to ½ inch as scattered showers hit toward the middle of next week. They will be most numerous in Northern Arkansas.

The Weather Bureau said the freezing temperatures should be over for the next five days or so.

## Now Comes the Double Bath

LONDON (AP) — To the joys of the double bath, a British manufacturer today added the double bath.

It comes in side-by-side or toe-to-toe versions and is called the Forum bath. It costs \$700. A salesman at the London Building Exhibition said four have been sold.

## Offered Services, Bell Tells PSC

Little Rock — The Southwest Bell Telephone Co. told the Public Service Commission Thursday that it had offered service to C. P. Drake of near Patmos if he would pay for it. The company didn't say what the charge would be.

Drake had complained about lack of service to state Rep. Talbot Field Jr. who asked for a public hearing. Field said he had been advised that Southwestern Bell required rural residents to pay a special fee to get phones. He said this wasn't required of the original customers and was discriminatory.

## Rumors Fly That Mills to Court Bench

By EDMOND LEBRETON  
Associated Press Staff Writer

WASHINGTON (AP) — Rumors are flying again that Rep. Wilbur Mills is slated for an appointment to the Supreme Court—but denials are close behind.

Original reports were that the Arkansas Democrat would receive justice's robes out of President Kennedy's gratitude for Mills' pushing a tax reduction bill through his House Ways and Means Committee.

The new rumors have a different twist—keyed to Mills' opposition to another of Kennedy's pet plans, medical care for the aged through Social Security.

Asked about the outlook for the legislation, Kennedy triggered the reports by telling his news conference Thursday: "I think we are going to get that bill out of committee, not this year but next year...I think it will pass."

The Kennedy medical care bill and its predecessors have been stuck in the Ways and Means Committee for years. If anyone holds the key to committee action, it is Mills.

The latest unofficial count showed the committee divided at least 13-12, more likely 14-11, against the administration plan.

There have been rumors that Justices William O. Douglas or Hugo L. Black may retire.

If Mills were to leave Congress for the high bench, medical care's prospects might be dramatically changed.

The House seniority system automatically would elevate Rep. Cecil R. King, D-Calif., to the Ways and Means chairmanship. King is the House sponsor of the administration medical care legislation.

Mills turns away with a joke questions about the Supreme Court possibility.

Congressional sources who discount Mills' going to the court say Kennedy must be counting on winning over some Republican members by a strong bipartisan appeal on the health care issue.

# Congress Has no Reason Not to Cut Taxes, JFK Says

By NEIL GILBRIDE  
Associated Press Staff Writer

NEW YORK (AP)—President Kennedy told a cheering AFL-CIO convention today there is no good reason why Congress should not promptly pass his \$11 billion tax cut bill.

Kennedy said some four million persons are out of work and that those who talk about federal deficits "should look at that figure."

Kennedy criticized, without naming them, policies of Republicans including Gov. Nelson A. Rockefeller of New York and Sen. Barry Goldwater of Arizona.

"They do not have a single constructive job-creating program of their own to offer," he said.

Kennedy said the nation must have its strongest economic improvement in history because "we must move so fast just to stand still."

NEW YORK (AP) — President Kennedy told the AFL-CIO convention today his proposed \$11-billion tax cut would put wind back in the sails of the nation's economy and create millions of jobs.

He agreed with the union delegates that unemployment is the nation's chief domestic problem.

"If we can obtain the prompt passage of the pending \$11-billion tax reduction bill we will be sailing by next April on the winds of the longest and strongest peacetime expansion in our nation's economic history," Kennedy said in a prepared speech.

But he avoided the question of reducing the work week, the top priority item of business laid before the convention by AFL-CIO President George Meany.

"We urgently need a tax cut now as insurance against recession," Kennedy said.

The tax bill, which the administration hoped to get passed early this year, is bogged down in Congress.

"We need that cut, as this bill provides, where it will do the most good—the percentage cuts in tax liabilities in the lower brackets are three times as large as those in the upper brackets," Kennedy said.

"And the greatest benefits of all will go to the unemployed for whom the bill will provide two million to three million new jobs."

Kennedy's remarks before more than 1,000 delegates repeated.

## Grain Deal Is Slowing Bill on Foreign Aid

By ERNEST B. VACCARO

WASHINGTON (AP)—A bitter dispute over proposed grain sales to the Soviet bloc is holding up Senate passage of President Kennedy's badly mauled foreign aid bill.

The row erupted suddenly Thursday night just when a final vote on the \$3,702,365,000 authorization appeared near after 14 days of debate.

It broke out over an amendment by Sen. Karl E. Mundt, R-S.D., to prohibit the Export-Import Bank from guaranteeing payments for private grain sales to Communist countries.

After turbulent exchanges, Democratic Leader Mike Mansfield of Montana offered a motion to kill the amendment. He was defeated 46-40. Senate Republican Leader Everett M. Dirksen of Illinois, who has worked with Mansfield for the bill's passage, failed to vote with him.

Opponents of the amendment argued it would kill projected plans for a \$250-million surplus wheat sale to Russia and other deals under negotiation with Communist bloc countries.

Once the tabling motion was Continued on Page Four

## Ordered Off Farm the U.S. Had Seized

LITTLE ROCK (AP) — U.S. District Judge J. Smith Henley upheld Thursday the sale of the 994-acre farm of James Weir in Chicot County and ordered him to leave the place by Nov. 25.

The government sold Weir's farm for \$60,000 at public auction in April, 1962, to satisfy a \$16,972 judgment for overplanting his 1959 rice allotment.

The balance was used to satisfy overplanting judgments for 1960 and 1961.

representing 13.5 million union members followed administration policy of fending off demands for a shorter work week by emphasizing tax cut benefits.

The AFL-CIO also wants the tax cut, along with other federal measures designed to create jobs, but Meany said Thursday that unemployment threatens a national catastrophe and the only solution is to cut the work week to 35 hours or less.

The convention Thursday gave short shrift to unemployment solutions proposed by Gov. Nelson A. Rockefeller of New York, candidate for the Republican presidential nomination.

Rockefeller said a national job placement center is the key missing element to provide work for a large portion of the nation's jobless workers.

growth and the creation of jobs is the impact of big government ever growing bigger.

Only by returning to private industry a greater control over profits can a more rapid growth in the economy be coupled with full employment. A reduction in tax rates, coupled with reduced government spending and accompanied by a reduction in the national debt, is the lead formula currently proposed to achieve the objective of a switch of economic growth responsibility from government to industry.

Like the manufacturer who charges twice as much as his competitors for a product, the government's cost-of-new-job rate take a prohibitive toll from the economy in the guise of employment expansion. Unlike the high-priced manufacturer, though, the government has an effective monopoly in the form of taxes. Giving up assumed power is never easy for government, but with the economy sailing along at a fairly prosperous level, a more propitious moment for the painful extraction will not likely present itself, the Shreveport (La.) Journal.

**CREATING JOBS**  
It costs industry approximately \$20,000 to provide a job, but the federal government must put about \$45,000 on the line to create a job through increased government spending. The comparison is one frequently ignored in discussions of the private versus the public sectors of the economy, but it really gets to the meat of the argument.

No one could deny that government, with its gigantic taxing and spending powers, can create new jobs. In fact, it does just that, as annual personnel budget requests to Congress indicate. But at what cost are these jobs created? This is the question economists from industry, government and education are becoming increasingly worried about. There is no benefit if Washington adds 50,000 new names to the payroll and then presents a tax bill to industry representing 125,000 jobs to pay for the increase.

It is incontrovertibly better that the more efficient job producer be encouraged, promoted, aided and sustained by the government than penalized by it. This was the gist of remarks by a number of New York industrialists who met recently at the annual convention of the Associated Industries of New York State Inc. "Aside from the tax load," Association President Joseph R. Shaw said, "the greatest road block to economic

Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

**FLEETSIDE.** Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheel-bases. Best riding truck, by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

**STEPSIDE.** Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

**RAMPIDE.** Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

**EL CAMINO.** If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

HOW TO HANDLE AN IRATE WIFE  
By Helen Worden Erskine

Dear Helen: My wife left me after 23 years of marriage. We have two children, one of whom is in the Service. I never hit the wife, used profane language in her presence, got drunk or prowled like an alley cat.

My one fault was going on the town Saturday nights. Then rumors started flying. Somebody told my wife I had a child by another woman—a lie, but it drove the last nail in my coffin. So she took our second child and went back to her mother. I give them money every week but no amount of talk from me or her family can induce her to return.

I have promised, begged and got down on my knees to her but it is always, "No! No! No!" I keep everything as it was awaiting her return. All she owns is still here: TV, washing machine, hi-fi radio, and so forth. As far as I know there is no other man because she comes from work (she has a fine position), hurries to her mother's and stays there till next day. When she does go out it is with our child or her sister. What is your advice to a blind fool? —Bereft Husband

Dear Bereft: Get up off your knees. Forget the promising and begging. Building your own

ted Mrs. W. M. Blackard in Ft. Smith this weekend.

Two days last week Mrs. George Dodds and Mrs. E. W. Graham visited the R. L. Ponder, Jr. family in Sulphur Springs, Tex.

Mr. and Mrs. John Thomas Miller, Jr. of Houston spent the weekend with their parents, Mr. and Mrs. Roy Burke of DeAnn. Also visiting the Burkes were her sister, Mrs. Herman Thornton of Conway, and her mother Mrs. Adam Thomas of Little Rock.

Mr. and Mrs. Alton Laumann of Blytheville are visiting the Joe England family and other relatives.

Births

Mr. and Mrs. Billy Collins of Hope announce the arrival of a baby boy born November 6. The 6 pound and 11 ounce son has been named William Lee, Jr.

Maternal grandparents are Mrs. Dorothy Groff, North Platte, Neb. and Marshall Waterson of Springhill, Mo. Paternal grandparents are Mr. and Mrs. Dorsey Collins of Hope.

life as a single man, irrespective of your wife. Steer clear of her at all costs. She needs time to miss you. Give her a chance to take the initiative in changing her mind. After 23 years of marriage she probably craves a vacation. Be patient and play it cool. There is a chance you will celebrate your 25th wedding anniversary back together again in your home. Here's hoping! Send a stamped, self-addressed envelope for my letter, "A Happy Marriage."

Dear Helen: I am 23, divorced and in love with a 30-year-old man, also divorced. We each have two children and became engaged before my divorce was final.

Now that I am free he says marriage is impossible since he's not earning enough to support all of us. My ex-husband contributes \$60 a month toward our children's upkeep and I work so this argument doesn't hold water. I live with my parents but long to be completely independent. Toward that end I take adult education courses. I'm so in love it hurts. Help me face my problems as they are. —Twenty-three

Dear Twenty-three: Both you and this man need more time to be sure. Continue working toward independence from your parents for their sakes, yours, and your children's. Chances are that you will marry again, but don't be so eager that you complicate your life further. If this man is right for you, it will work out. With two divorces and four children between you, your marriage would need more adjusting than most. If you pressure him into a rough situation, he's apt to turn virtuous and remind you of the past. Take it easy!

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Buffalo May Be in Nat'l System

WASHINGTON (AP) — The Department of Interior said Thursday the Buffalo River in Arkansas is being considered for inclusion in a national system of free-flowing streams. The department named 12 rivers being considered for the system, on which recreation studies would be made. The Buffalo was not included in that group.

Member of the City Commission Hope, Arkansas.

Gentlemen: In recent weeks I have heard some of the grumbling that has been going on, concerning the operation of our City Government.

I, like many of us, am prone to "gripe" about things that please me, and then fail to express appreciation for things that do please me, accepting them as a matter of course.

Having lived in Hope all my life, I love my home town and want the very best of everything for it, and having been active in the business community since 1929, I have had occasion to observe the operation of our city, and at times have been, more or less, intimately acquainted with certain aspects of our city government. I state, without reservation, that I strongly favor our present form of government.

In my opinion, the citizenry of Hope is deeply indebted to you members of the City Commission as well as the Water and Light Commission, and I want you to know that I appreciate your efforts in behalf of my home town. You serve, giving of your time and talent, without any monetary remuneration, and you serve well, so it is little enough that I should say, "I thank you, each of you, very much."

Each of you is a successful businessman in his own field, qualified by your own successful experience to direct the biggest single business in our community, our City Government, and you have employed a man qualified by formal education and experience to manage the city government, subject to your approval.

The criticism I have heard most frequently is the "tremendous" salary being paid the manager. When given the opportunity, I have answered these critics by asking whether they would be willing to turn a business handling 1 1/2 million dollars a year over to a \$3,600 to \$6,000 a year man, elected purely and simply on his vote-getting ability rather than his qualifications for getting the job done.

Mr. Medders has never failed to give me a most courteous hearing anytime I have had occasion to discuss anything with him. I appreciate the fact that he sticks to business, for he was not employed as a Public Relations Man but as a business manager of our city. If Mr. Medders should ever leave us, and I hope he doesn't as long as he continues to get the job done, I would want one of his education, experience, and background to take his place.

In my opinion there are far too many things to be said in favor of the City Manager form of city government to even think of making a change, but I have already made this letter too long, so let me simply say,

Thank you very much for what you are doing for Hope, Arkansas.

Very truly yours,

W. H. Peables, Evangelist

## Seeks Bank Charter at Pine Bluff

PINE BLUFF, Ark. (AP) — Fourteen men, most of them from Pine Bluff, have applied for a charter for a third national bank here.

William A. Robson of Memphis, chief national bank examiner for the Eighth National Bank Region, said the charter was signed by J. D. McGee and 13 other men.

The proposed name of the bank is the Pine Bluff National Bank.

Proposed capitalization of the bank is \$500,000, the minimum for cities of 50,000 population. Robson said it was not likely the Comptroller of Currency would rule on the application before Jan. 12.

"Thanks to each of you for having enough interest in my home town to give unstintingly of your time, talent, and effort to give Hope a businesslike administration of her affairs."

Most sincerely,

HENRY HAYNES

## THE CRISIS THAT WASN'T

Today, there are many quick victories over disease. Each might be described as a crisis that didn't quite happen — thanks to today's superior medicinal agents.

Modern medicines prescribed by your physician score amazing triumphs over diseases which, only a decade ago, were almost certain to become dangerously serious.

Present-day pharmaceuticals, such as the antibiotics, require complex equipment, intricate controls and highly skilled technicians for production. Although somewhat higher in cost, they actually are an investment in economy. They effect an earlier cure and cut down expensive sick-bed time.

We are stocked and equipped to fill your doctor's prescriptions promptly at prices that are fair.

### CREATING JOBS

It costs industry approximately \$20,000 to provide a job, but the federal government must put about \$45,000 on the line to create a job through increased government spending. The comparison is one frequently ignored in discussions of the private versus the public sectors of the economy, but it really gets to the meat of the argument.

No one could deny that government, with its gigantic taxing and spending powers, can create new jobs. In fact, it does just that, as annual personnel budget requests to Congress indicate. But at what cost are these jobs created? This is the question economists from industry, government and education are becoming increasingly worried about. There is no benefit if Washington adds 50,000 new names to the payroll and then presents a tax bill to industry representing 125,000 jobs to pay for the increase.

It is incontrovertibly better that the more efficient job producer be encouraged, promoted, aided and sustained by the government than penalized by it. This was the gist of remarks by a number of New York industrialists who met recently at the annual convention of the Associated Industries of New York State Inc. "Aside from the tax load," Association President Joseph R. Shaw said, "the greatest road block to economic

growth and the creation of jobs is the impact of big government ever growing bigger."

Only by returning to private industry a greater control over profits can a more rapid growth in the economy be coupled with full employment. A reduction in tax rates, coupled with reduced government spending and accompanied by a reduction in the national debt, is the lead formula currently proposed to achieve the objective of a switch of economic growth responsibility from government to industry.

Like the manufacturer who charges twice as much as his competitors for a product, the government's cost-of-new-job rate take a prohibitive toll from the economy in the guise of employment expansion. Unlike the high-priced manufacturer, though, the government has an effective monopoly in the form of taxes. Giving up assumed power is never easy for government, but with the economy sailing along at a fairly prosperous level, a more propitious moment for the painful extraction will not likely present itself.

## Congress Has

resenting 13.5 million union members followed administration policy of fending off demands for a shorter work week by emphasizing tax cut benefits.

The AFL-CIO also wants the tax cut, along with other federal measures designed to create jobs, but Meany said Thursday that unemployment threatens a national catastrophe and the only solution is to cut the work week to 35 hours or less.

The convention Thursday gave short shrift to unemployment solutions proposed by Gov. Nelson A. Rockefeller of New York, candidate for the Republican presidential nomination.

Rockefeller said a national job placement center is the key missing element to provide work for a large portion of the nation's jobless workers.

growth and the creation of jobs is the impact of big government ever growing bigger."

Only by returning to private industry a greater control over profits can a more rapid growth in the economy be coupled with full employment. A reduction in tax rates, coupled with reduced government spending and accompanied by a reduction in the national debt, is the lead formula currently proposed to achieve the objective of a switch of economic growth responsibility from government to industry.

Like the manufacturer who charges twice as much as his competitors for a product, the government's cost-of-new-job rate take a prohibitive toll from the economy in the guise of employment expansion. Unlike the high-priced manufacturer, though, the government has an effective monopoly in the form of taxes. Giving up assumed power is never easy for government, but with the economy sailing along at a fairly prosperous level, a more propitious moment for the painful extraction will not likely present itself.

CHEVROLET

## Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

**FLEETSIDE.** Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

**STEPSIDE.** Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

**RAMPside.** Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

**EL CAMINO.** If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

## THE CRISIS THAT WASN'T

Today, there are many quick victories over disease. Each might be described as a crisis that didn't quite happen — thanks to today's superior medicinal agents.

Modern medicines prescribed by your physician score amazing triumphs over diseases which, only a decade ago, were almost certain to become dangerously serious.

Present-day pharmaceuticals, such as the antibiotics, require complex equipment, intricate controls and highly skilled technicians for production. Although somewhat higher in cost, they actually are an investment in economy. They effect an earlier cure and cut down expensive sick-bed time.

We are staffed and equipped to fill your doctor's prescriptions promptly at prices that are fair.

### HOW TO HANDLE AN IRATE WIFE

By Helen Worden Erskine

Dear Helen: My wife left me after 23 years of marriage. We have two children, one of whom is in the Service. I never hit the wife, used profane language in her presence, got drunk or prowled like an alley cat.

My one fault was going on the town Saturday nights. Then rumors started flying. Somebody told my wife I had a child by another woman—a lie, but it drove the last nail in my coffin. So she took our second child and went back to her mother. I give them money every week but no amount of talk from me or her family can induce her to return.

I have promised, begged and got down on my knees to her but it is always, "No! No! No!" I keep everything as it was awaiting her return. All she owns is still here: TV, washing machine, hi-fi radio, and so forth. As far as I know there is no other man because she comes from work (she has a fine position), hurries to her mother's and stays there till next day. When she does go out it is with our child or her sister. What is your advice to a blind fool? —Berett Husband

Dear Berett: Get off up your knees. Forget the promising and begging. Building your own life as a single man, irrespective of your wife. Steer clear of her at all costs. She needs time to miss you. Give her a chance to take the initiative in changing her mind. After 23 years of marriage she probably craves a vacation. Be patient and play it cool. There is a chance you will celebrate your 25th wedding anniversary back together again in your home. Here's hoping! Send a stamped, self-addressed envelope for my letter, "A Happy Marriage."

Dear Helen: I am 23, divorced and in love with a 30-year-old man, also divorced. We each have two children and became engaged before my divorce was final.

Now that I am free he says marriage is impossible since he's not earning enough to support all of us. My ex-husband contributes \$60 a month toward our children's upkeep and I work so this argument doesn't hold water. I live with my parents but long to be completely independent. Toward that end I take adult education courses. I'm so in love it hurts. Help me face my problems as they are. —Twenty-three

Dear Twenty-three: Both you and this man need more time to be sure. Continue working toward independence from your parents for their sakes, yours, and your children's. Chances are that you will marry again, but don't be so eager that you complicate your life further. If this man is right for you, it will work out. With two divorces and four children between you, your marriage would need more adjusting than most. If you pressure him into a rough situation, he's apt to turn virtuous and remind you of the past. Take it easy!

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

### FOR CITY MANAGER

Editor The Star: Herewith, following letter —

Member of the City Commission Hope, Arkansas.

Gentlemen: In recent weeks I have heard some of the grumbling that has been going on, concerning the operation of our City Government.

I, like many of us, am prone to "gripe" about things that displease me, and then fail to express appreciation for things that do please me, accepting them as a matter of course.

Having lived in Hope all my life, I love my home town and want the very best of everything for it, and having been active in the business community since 1929, I have had occasion to observe the operation of our city, and at times have been, more or less, intimately acquainted with certain aspects of our city government.

I state, without reservation, that I strongly favor our present form of government.

In my opinion, the citizenry of Hope is deeply indebted to you members of the City Commission as well as the Water and Light Commission, and I want you to know that I appreciate your efforts in behalf of my home town. You serve, giving of your time and talent, without any monetary remuneration, and you serve well, so it is little enough that I should say, "I thank you, each of you, very much."

Each of you is a successful businessman in his own field, qualified by your own successful experience to direct the biggest single business in our community, our City Government, and you have employed a man qualified by formal education and experience to manage the city government, subject to your approval.

The criticism I have heard most frequently is the "tremendous" salary being paid the manager. When given the opportunity, I have answered these critics by asking whether they would be willing to turn a business handling 1½ million dollars a year over to a \$3,600 to \$6,000 a year man, elected purely and simply on his vote-getting ability rather than his qualifications for getting the job done.

Mr. Medders has never failed to give me a most courteous hearing anytime I have had occasion to discuss anything with him. I appreciate the fact that he sticks to business, for he was not employed as a Public Relations Man but as a business manager of our city. If Mr. Medders should ever leave us, and I hope he doesn't as long as he continues to get the job done, I would want one of his education, experience, and background to take his place.

In my opinion there are far too many things to be said in favor of the City Manager form of city government to even think of making a change, but I have already made this letter too long, so let me simply say,

## Seeks Bank Charter at Pine Bluff

PINE BLUFF, Ark. (AP) — Fourteen men, most of them from Pine Bluff, have applied for a charter for a third national bank here.

William A. Robson of Memphis, chief national bank examiner for the Eighth National Bank Region, said the charter was signed by J. D. McGee and 13 other men.

The proposed name of the bank is the Pine Bluff National Bank.

Proposed capitalization of the bank is \$500,000, the minimum for cities of 50,000 population. Robson said it was not likely the Comptroller of Currency would rule on the application before Jan. 12.

"Thanks to each of you for having enough interest in my home town to give unstintingly of your time, talent, and effort to give Hope a businesslike administration of her affairs."

Most sincerely,

A lepidoptera is a butterfly. What's a hymenoptera? "Heavens," said Cheryl Gates, 10, "everybody knows it's a hornet."

**Ann Kenyon: Surgeon**

**THE STORY:** Before making a definite decision about remaining on the staff of a small hospital, Ann Kenyon plans to go to Rock Head for a visit. She decides to stay at Ledbie.

**XVII**

What was the matter with Helen Ledbie, anyhow? Ann asked herself half angrily. It wasn't just Ledbie Memorial not having things every hospital needs. It was placing Peter and Dr. Mabius in a position where Dr. Lyle could get away with anything, as he had tonight.

Remembering what Dave Clyde had said about "the undeniable Ledbie facade," Ann sat up in bed, hugging her knees to her chin. How could she turn such deaf ears to Peter and Dr. Hank, even to her hospital board, and at the same time go along unquestioningly with any decision that Dr. Lyle made for her? Her mother had yes, and because Helen had been only 16 when Monica Lyle died it perhaps was understandable that she had leaned more heavily upon Dr. Lyle than upon the hospital board. Old Murphy Ledbie's will, giving the final decision on hospital matters to the Ledbie who headed the board, made that possible. But Helen no longer was 16. She was nearly 25.

Frowning at the thought, Ann lay down again. Was she beginning to suspect that Dr. Lyle, who didn't practice at Ledbie Memorial if he could help it, did not have the hospital's interests at heart? Why couldn't he keep hands off the hospital, as he kept them off Ledbie Chemicals? Of course Dave had an opinion on that too: "Why should he bother Ledbie Chemicals? It's making money and a part of it is his. The hospital is something else again. That's money out of his pocket, as well as Helen's."

Ann sighed, not quite audibly, at the memory. She cash bond Charles Willie Stuart and Kay Lockard. No driver's license. Forfeited \$11.50 cash bond

**State Account**  
Wm. Forrest Bain, Hunting deer with headlights, Plea guilty; fined \$250.00 and \$36.15 cost; \$200.00 of fine suspended on good behavior; Defendant to pay cost.

Oliver Stewart, Running stop sign, Plea guilty; fined \$26.15  
J. D. Raschke, No vehicle license, Plea of guilty; fined \$26.15

Guy M. Baldwin, Passing in a restricted zone, Forfeited \$26.15 cash bond

General Processing Co. and Roger B. Green, No ACC Authority, Forfeited \$121.15 cash bond

E. H. Rhyne, Billy R. Leass, Casden Oil & Chemical Co., Mason Dixon Tank Line, Hudgins Carriage Co., Auto Convey Co., Overweight, Forfeited \$46.15 cash bond

Ann thanked her and hung up. Dr. Karmeleni. Not Brill... It was an hour before Brill came, in fresh whites that did nice things to his new tan. "Ann! Darling!" as he took her in his arms. "When Tom said he saw you, I hardly believed him!" He kissed her, a quick, hungry, bruising kiss. "I've missed you, my darling."

For a long moment Ann let her forehead rest against his chin. "Brill," she said finally, "I'm—going back."

He stepped away from her, stared at her. "Are you out of your mind?"

"In it, I'm reasonably sure, Brill."

"You can't be. The town's a dump, the hospital is worse!"

"It isn't that bad. Neither of them are."

"No? McDonald showed me around the place. He and Clyde and I spent most of the night talking about small hospitals versus large. What about us, Ann?"

"Brill, please, let's not quarrel."

**Grain Deal Is**

Continued From Page One defeated, and with no end of the debate in sight, the Senate recessed until noon today.

Until the fight broke out over the grain sale issue, the bill, slashed by \$827,250,000 and so riddled with amendments that Kennedy voiced an angry protest at his news conference Thursday, appeared on the verge of final passage.

Kennedy charged that the cuts were denying him an essential foreign policy tool.

After administration forces lost the tabling motion, Asst. Democratic Leader Hubert H. Humphrey of Minnesota announced that Mundt's amendment would not be voted on any time soon "if I can help it."

Mundt said his amendment, on file for days, was prompted by Export-Import Bank plans to insure loans by American banks participating in financing the sale of \$6 million in surplus corn to Hungary.

Mansfield and Humphrey, joined by Sen. J. William Fulbright, D-Ark., floor manager for the bill and chairman of the Foreign Relations Committee, contended this involved a normal business practice.

But Mundt, an opponent of the projected \$250 - million wheat sale to Russia, said the Senate had to decide whether "we want to open up a program of extending foreign aid to Communist countries."

Mansfield, heatedly disagreeing, said the transactions opened up "a channel of trade—not aid."

**Milk Price Hike in Some Areas**

**WASHINGTON (AP) —** The Agriculture Department approved a 10 cents per hundred-weight (about 1/4 cent a quart) producer price increase on bottled milk in Ozark marketing areas Thursday.

The increase, recommended last Saturday, was made because drought has reduced milk supplies.

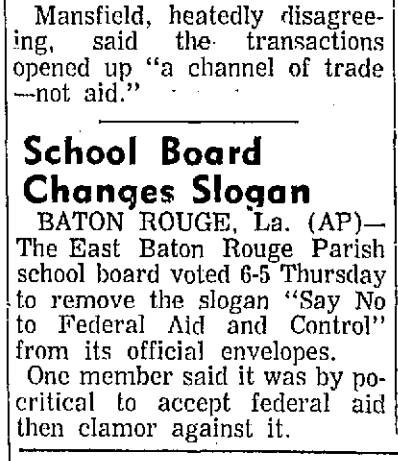

The orders covers portions of Arkansas, Illinois and Missouri, setting minimum prices which handlers must pay producers.

## Porkers See Trouble With SMU at Dallas

DALLAS, Tex. (AP)—Arkansas' Razorbacks, out of the Southwest Conference title chase, meet Southern Methodist' Mustangs in the Cotton Bowl Saturday in what may be a preview of the 1964 battle for the conference crown.

Hayden Fry's youthful Ponies over-ran highly touted Navy earlier this season on the running of John Roderick, a trackman who flashes out of the tailback spot like he was looking for a spot on the U.S. Olympic team, which he is.

It was a year ago that fry, after leaving an assistant's post at Arkansas, built the SMU squad into a team that lost by only 9-7 to a Razorback team that came within a hair's breadth of a fourth straight SWC championship.

Tom McQuellly booted an Arkansas field goal to give Arkansas the 9-7 lead and stellar line-backer Ronnie Caveness saved it with a brilliant dive to smother an SMU field goal attempt in the last minute.

Coach Frank Broyles of Arkansas believes the Mustangs will field the fastest backs the Razorbacks will have seen this year.

Both Broyles and Fry emphasize quickness and agility by their players, and both will field young backs.

Fred Marshall will go at quarterback for Arkansas after a fine performance in a losing effort last week against Rice. Jim Lindsey, Jack Brasuell and Stan Sparks draw the other starting roles.

Mark White and Danny Thomas share quarterback duties for SMU. Roderick and Billy Gannon split tailback duties. Larry Jernigan gets the wingback job and Tom Sherwin is the fullback.

A crowd of between 22,000 and 25,000 is expected for the 2 p.m. kickoff.

## Picking the Pro Winners for Weekend

By JACK HAND

Associated Press Sports Writer

NEW YORK (AP)—To George Halas this is a year to show that the parade has not passed him by, a year to prove that the Chicago Bears still can win with him as head coach.

To Vince Lombardi this is a year to make history by winning the National Football League playoff for a third straight time, a year to drive home the fact that the Green Bay Packers can win without any one man, even a star like Paul Hornung.

Fate and the NFL schedule throw the Bears and Packers together Sunday with the Western Conference lead, and probably the championship, hanging in the balance.

Last week's score was 8-3, bringing the season totals to 45-17-1 in the NFL and 17-15-2 in the AFL or 62-32-3 in both. Here goes again: (All games Sunday with Houston and Oakland having open dates in the AFL.)

### NFL

Green Bay 9, Chicago 3—Jerry Kramer with three field goals to one by Roger LeClerc. Bear pass defense too tough and Halas men have yielded only three TDs on the ground in nine games. Packers rolled 49-0 and 38-7 against Bears last year but had to settle for field goal in 10-3 loss on opening day. Bears could win it all if Bill Wade gambles and hits with bombs, but attack has been sluggish.

Cleveland 24, St. Louis 21—was all set to pick Cards until learned of injury to Don Brumim on to Ed Henke. Give Frank Ryan time to get set and he can work on defense with Jimmy Brown rolling over the ground. If Ryan falters, look for Elanton Collier to go for Jim Ninowski. Browns' pass defense leaky so Charlie Johnson and his catches can go for broke. Could go either way.

New York 31, San Francisco 14—Y.A. Tittle against the 49ers who traded him away. 49ers have speed but Giants have know how. San Francisco last in both offense and pass defense.

Pittsburgh 24, Washington 17—Steelers still in race. Can't afford letdown after Browns' game. Skins' defense still full of holes but most teams can pass against Steelers. Pitt won first game 36-27.

Baltimore 23, Minnesota 21—Johnny Unitas showed he still can hit with 17 of 24 last week against Lions. Vikings have given up 32 touchdowns so Colts should get their quota. They did a job on Fran Tarkenton last year, 34-17 and 42-17.

Detroit 21, Los Angeles 7—Earl Morrall on beam and Rams can be had running or passing. Lions won earlier 23-2.

Dallas 28, Philadelphia 21—Eagles still battered and Cowboys are without Jim Ray Smith and Joe Bob Isbell as well as Roy Jordan. Both teams have trouble stopping anybody but give Don Meredith an edge over King Hill although Hill pitched Eagles to 24-21 edge at Philadelphia.

### AFL

San Diego 28, Buffalo 20—A big one for Bills who can tie for Eastern lead with idle Houston if they win. But Chargers have the man in Tobin Rote to rip Buffalo's pass defense if they stop Paul Lowe and Keith Lincoln. Teams rate 1-2 on offense.

Boston 20, Kansas City 7—Chiefs have trouble getting on scoreboard and Pats lead league in defense. A win keeps Boston in thick of race while Chiefs are in Western cellar and due for big shakeup.

Denver 28, New York 24—Anybody who can figure this one belongs in the swami business. Denver is home and Jets have reverted to form. First game was 35-35 tie.

## Former Baseball Player Dies

CHICAGO (AP)—Funeral services for Oscar Melillo, former American League second baseman and 1938 coach of the St. Louis Browns, will be conducted Saturday in Holy Sepulchre Cemetery, Chicago.

Melillo died at his Chicago home Thursday at the age of 63. The stubby Melillo broke into the majors with the Browns in 1926 and his best season came in 1931 when he batted .306. He was traded to the Boston Red Sox in 1935 and three years later rejoined the Browns as skipper.

After a seventh-place finish in 1938, Melillo left the Browns and became coach of the Cleveland Indians.

## Unbeaten Shoots to Play Tulsa

TULSA, Okla. (AP)—The unbeaten Arkansas Shoots close out their season Monday against Tulsa's Gales, and the Razorback freshmen have an impressive defensive record to protect.

The Shoots have given up only eight points while beating four foes, and building up 83 points.

Arkansas' freshmen are the only unbeaten freshmen team in the Southwest Conference.

## Nation's Top Team Fearful of Froggies

By BOB GREEN

Associated Press Sports Writer

So let's say you're the coach of the nation's top-ranked college football team, the only remaining unbeaten, untied squad around. And you're going to play a team that has won only one of its last five.

So what's your reaction? "Frankly," says Texas Longhorn Coach Darrell Royal, "I'm scared."

There's a sound, solid, historical basis for Royal's fears. His No. 1 unbeaten, untied Longhorns play host to old spoiler Texas Christian in Austin, Tex., Saturday.

Three times in the modern era the Longhorns have gone into the game with the top rating and the solid favorites role. Each time they were upset.

The Longhorns have an 8-0 record, but they've had to work hard in the last four. The total margin of victory in those is 20 points, gained primarily on a stout defense, a grinding running game and a ball-control offense.

The only other stumbling block on their path to the national championship and the host role in the Cotton Bowl traditional foe Texas A&M, which has won only once.

Texas Christian is 3-3-1, including losses to Arkansas and Baylor, teams beaten by Texas.

Navy, ranked second on a 7-1 record and being eyed as a Cotton Bowl visitor, has its work cut out at tough Duke, 5-2-1. The Middies, led this season by Roger Staubach, haven't been able to beat the Blue Devils in nine years.

No. 3 Mississippi, 6-0-1, is first in line for the host spot in the Sugar Bowl and defends that position against traditional foe Tennessee, 3-4, at Memphis.

Michigan State, ranked fourth on a 5-1-1 record and current Big Ten leader, is one of three teams from that league with a shot at the Rose Bowl. The Spartans are host to Notre Dame.

Illinois, No. 8, and Ohio State also still are in the running. Illinois visits tough Wisconsin and Northwestern tests Ohio State.

Washington, well in front for the host spot in the Rose Bowl, goes against oft-beaten UCLA. Oklahoma, No. 5 at 6-1, and Nebraska, No. 10 at 7-1, are locked in a two-team struggle for the Big Eight title and the spot Oklahoma visits tough Missouri, 6-2, while Nebraska is at Oklahoma State, which has won only one.

Other games involving teams in the Top Ten have No. 6 Pitt, 6-1, at home against tough Army 7-1; No. 7 Alabama, 6-1, vs. arch-rival Georgia Tech, 6-2, at Birmingham; and No. 9 Auburn, 4-1, is at Georgia, 4-3-1.

Pitt, Alabama, Georgia Tech, Auburn, Baylor, Memphis State, Penn State and North Carolina State all remain in the bowl picture. Baylor plays Kentucky, Memphis State meets Chattanooga, Penn State goes against Holy Cross and North Carolina State faces Florida State.

## Prescott Host to DeQueen for District Title

The District 7-A football crown is on the line tonight as Prescott hosts DeQueen for a game when the DeQueen Leopards with the Curley Wolves at 8 o'clock.

The teams are about evenly matched with Prescott maybe having a slight edge on a comparison of records. DeQueen is currently the leader with a 5-0 conference record and 7-2 on the season. Prescott has a 4-0-1 conference record and a 6-1-2 on the season.

The only outright loss the Wolves have was to a very strong Class AA Magnolia team. They tied Malvern and Arkadelphia. DeQueen lost to Hope and St. Anne's.

## Wrong-Side Pros in Deadlock

BRADENTON, Fla. (AP)—Three pros who play from the wrong side went into the third round of the National Left-handers Golf Tournament today deadlocked at 144.

One of them, Thorne Wood of Asheville, N.C., had the misfortune to hit the wrong ball on No. 18 hole, losing a stroke. He finished Thursday's round with 70, one-under-par for the 6,902-yard DeSoto Lakes Country Club to tie Ross Collins of Dallas, Tex., and Howard Brown of Detroit.

## Thornton Bulges With Confidence

By MURRAY ROSE

Associated Press Sports Writer

NEW YORK (AP)—"He won't push me around like he did Willie. When I hit him he won't keep coming back in."

That's the way Wayne Thornton, the body-banging California light heavyweight contender, feels about his 10-round television fight with Argentine Gregorio Peralta at Madison Square Garden tonight.

Despite Thornton's confidence, Peralta, the heavyweight champion of his country, is a 2-1 favorite. The odds are based largely on the handsome South American's decisive victory over light heavyweight champion Willie Pastrano in a nontitle 10-rounder at Miami Beach last Sept. 20.

That was Peralta's debut in the United States. He has won 25 straight for a 39-1 record including 11 knockouts. The Argentine is ranked among the heavyweights, 10th by the World Boxing Association and ninth by Ring Magazine.

Peralta weighed 183½ pounds for Pastrano and has agreed to make 18 2 for Thornton. It is doubtful whether he can trim down to the 175-pound light heavyweight limit for a title fight with Pastrano.

Thornton can make the 175 and he's eager for the championship shot at Pastrano. He has a 29-3-1 record, including 18 knockouts. He is ranked fourth

## Baylor, West Get Hot for the Lakers

By GORDON BEARD

Associated Press Sports Writer

BALTIMORE (AP)—Jerry West and Elgin Baylor demonstrated Thursday night why they are regarded as indispensable by the Los Angeles Lakers...and won't be traded to the Baltimore Bullets.

West scored 10 of his 31 points in the final quarter, eight in the last 15 minutes after Baltimore pulled to within 106-105, as the Lakers won 123-115 to snap a two-game losing streak.

Baylor, limping because of two injured knees, still managed to score 20 points while playing just over half the game. It was the first meeting of the season between the two National Basketball Association clubs, who have been involved in trade rumors during the past two weeks.

The victory left Los Angeles atop the Western Division of the NBA, a half-game ahead of the St. Louis Hawks, who scored 19 straight points in the second half Thursday night and

by the WBA and seventh by Ring.

Peralta had little to say about his opponent.

"The fight will speak for itself," he said. "I'm not coming to lose."

The bout will be telecast nationally by ABC-TV. Starting time is 10 p.m., EST.

Scoring will be by the rounds system.

## Breaks Every Single Grid Record

NEW YORK (AP)—George Bork of Northern Illinois completed his regular season college football career by breaking every single season and career passing record in the books, the latest college division statistics compiled by the NCAA Service Bureau showed today.

By completing 43 of 68 passes in his final game against Central Michigan last Saturday, Bork wound up with 374 attempts, 244 completions, 3,077 yards and 32 touchdowns this season, all highwater marks in college football. His .652 completion percentage was the same he finished the regular season with last year. Northern Illinois has a postseason game on tap in the Mineral Bowl Nov. 30. No opponent has been named.

Ron Meyer, a South Dakota State sophomore, also compiled an outstanding record although he threw only 88 aeriels during the campaign. He completed 54 and his 17 touchdowns in second only to Bork among the nation's college division players.

Bork is the over-all leader in total offense with 2,945 yards followed by Bruce Upstill of the College of Emporia, Kan. with 2,161 and Chuck Green of Wittenberg, 1,996.

Jim Holder of Panhandle A&M is tops in rushing with 1,431 yards while Hugh Rohrschneider of Northern Illinois is No. 1 in pass receiving with 75 catches for 1,036 yards. Jack Anderson of Ripon leads in scoring with 145 points in 18 touchdowns 28 points-after-touchdown and 9 field goals. Steve Bailey of Kentucky State leads punting with a 46.6 yard average.

College of Emporia is the team in total offense with a 510.0 yards a game average and in scoring with a 41.8 points average. Luther College of Iowa is first in rushing offense with 356 yards a game average. Bethune-Cooke of Florida is the leader in total defense with an average of 79.8 yards. Kentucky State holds first place in punt-
